2. Other Matters Concerning Corporate Governance System

(1) Timely disclosure concerning the settlement of accounts

Regarding summaries of financial statements and other corporate information concerning the settlement of accounts (consolidated and non-consolidated bases), draft documents are prepared collaboratively by the accounting divisions, IR Section, management departments, etc. under the control of the Director in charge of information disclosure and are submitted to the Board of Directors for its judgment upon obtaining the consent of the Director in charge of information disclosure.

After a resolution to approve the draft documents is adopted by the Board of Directors, the Director in charge of information disclosure gives directions concerning disclosure to the IR Section, which then performs tasks needed for disclosure. For the preparation of fiscal year-end and quarterly summaries of financial statements, etc. the Company is provided with audits and instructions from the accounting auditor.

(2) Timely disclosure of other matters for disclosure

A fact that has been determined or occurred at a section shall be summarized and reported directly by the person responsible for the section to IR Section and the Director in charge of information disclosure and submitted to the Board of Directors for its judgment upon obtaining consent of the Director in charge of information disclosure.

After a resolution to approve an important decision for disclosure is adopted by the Board of Directors, the Director in charge of information disclosure gives directions concerning disclosure to the IR Section which then performs tasks needed for disclosure.

In addition, if an important fact that needs to be promptly disclosed occurs, it shall be disclosed upon obtaining the consent of the Director in charge of information disclosure and the approval of the President / COO.

In this case, the IR Section also performs the tasks needed for disclosure at the instruction of the Director in charge of information disclosure.
